

# 7<sup>th</sup> INTERNATIONAL TEACHING GAMES FOR UNDERSTANDING (TGfU) CONFERENCE

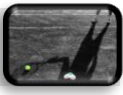

28<sup>th</sup> - 30<sup>th</sup> JULY 2020

The TGfU Conference 2020, hosted by the University of Worcester, will be a world-leading, international, inclusive event for all academics, teachers and sports coaches interested in games-based approaches.

This pre-Olympic and Paralympic 2020 event will integrate practitioners and academics in cutting-edge discussion surrounding the challenges of implementing games-based approaches in a broad range of settings. Specifically, this event will impact the advancement of games-based approaches through a particular focus on inclusive sport, scientifically informed approaches, technologically-advanced practice, teacher and coach education, as well as cross-cultural domains.

### Key academic themes for the event:

- 1 Inclusivity** 
- 2 Integration** 
- 3 Implementation** 

**Confirmed keynote speakers:**  
 Professor Joy Butler, Professor Daniel Memmert, Professor Jean Côté, Dr Stephen Harvey.

**Special guests:**  
 Rod Thorpe and Dave Bunker.
